

Rent a Local
Friend

We assume that you read and happily agree with our terms when making a booking with us.

Otherwise, please let us know if you have any questions about them

Many thanks 😊

This service is an informal option of a "personal concierge".

It is an different way to travel, as an alternative from guided tours and fixed touristic itineraries. The visitor will explore exclusively and only what they are interested in, on a personalized way.

The main idea here is to try to include as much as possible local fun spots to be visited rather than touristic sites only.

We like to say we are local friends because of the relaxed way of carrying on a tour and communicating with the visitor, as a proper friend would do.

This does not represent by any means that we are less professional and careful on what we are doing. We are there for you, working seriously but in a very friendly style.

LIVE THE LOCAL SPIRIT WITH A LOCAL FRIEND

We do like and expect visitors to treat the local host on an informal way too, but hanging out with one of us, while exploring the city, SHOULD NEVER be mistaken with drugs searching, prostitution or any kind of illegal activity.

RLF service DOES NOT cover any health insurance or travel insurance nor is responsible for any incident of that sort.

All the hosts are open minded, communicative and joyful inhabitants

Who naturally like to look for what is happening on their own city.

Every interesting venue, spotted by a local, is tried a few times before we recommend it to the visitors.

The main parts of the visit will be carried on as previously decided by you.

Of course we are open to small changes, but the itinerary should be generally maintained in order to organize your day properly.

We are not professional tour guides and this is not our main activity.

All of us have parallel jobs such as journalists, photographers; designers etc...

which we believe are also complementary to keep us “eclectic” and upbeat people.

The payment should be done at the end of the day and preferably cash please.

For your information, we also issue receipts.

Once a booking is done, one local friend is lined up for you.

In case of cancellation we ask for at least 24 hours notice please, so that we can rearrange people and enable that same local friend to be available to another visitor.
